BOOKBINDING

TECHNOLOGIES FOR YOUR UNIQUE REQUIREMENTS

Our binding techniques allow seamless uninterrupted display between two pages.

LF 600 mB

• Description

LF600 mB is a semi automatic book block system which produces Lay Flat book blocks from single folded sheets. It can make photo book not only by gluing paper back to back but also by inserting cardboard between sheets.

• Key Benefits

- Manual feeder for folded sheets and cardboard ;
- Easy to operate via touch screen;
- Flexible production for different sizes: 6"x6" to 18"x 18";
- Layflat binding technology;
- Hotmelt gluing technology: cheaper cost and faster delivery

Professional, Attractive And Elegantly Crafted Photobooks

Production Line In Your Business
